

## Why We Exist

We work with the homeless, the public and the private sector to seek out, identify and help eliminate the causes of homelessness within the Concho Valley.

We help to coordinate a system of care that delivers the most effective use of resources to help reduce homelessness in the Concho Valley.

## When We Meet

The Coalition meets on the second Wednesday of each month from 9:00am to 10:30am. Check our website for meeting details.

## Our Meetings

Local agencies present information about the services and resources they provide to the community. This is followed by very lively open discussions about current and future needs in the community and how we, as a coalition, can help meet those needs.

All meetings are open to the public. We value your voice.

## Volunteers Report That

- 76% of people who volunteer say that volunteering has made them feel healthier.
- 94% of people who volunteer say that volunteering improves their mood.
- 96% of people say that volunteering enriches their sense of purpose.
- 95% of people who volunteer say they are helping to make their community a better place.

## How To Volunteer

Contact a CVHPC member and let them know you are interested in volunteering with their organization. They will arrange a time for you (or a group) to meet with them to learn more about their volunteer opportunities and how you can help further their mission.

## Other Ways To Help

100 volunteers are needed every January for the annual Point In Time survey. This is when we go out and count the homeless in the Concho Valley. Contact the Coalition for more information.

# Concho Valley

# Homeless

# Planning

# Coalition

We are a coalition of like-minded individuals, business owners, churches, and non-profit organizations from both the public and private sector working together to more effectively help homeless people become self-sufficient in the Concho Valley.

“On any given day there are 123 adults and 30 children homeless in San Angelo.”

“In 2016, 523 people will experience homelessness in San Angelo.”
